The mission of the Media Team is to share God's story through professional creative digital storytelling.

WHO IS THE MEDIA TEAM?

It is the volunteers serving on the **Screen Team** who display lyrics and graphics. They help us to see.

It is the dedicated volunteers on the **Sound Team** who tweak the sound system to enhance our weekend services. They help us to hear.

If you have ever been to an activity at Bloomingdale Church you might have noticed the **Photo Team** taking pictures so that we can remember the people and event.

You may have noticed the volunteers who video our weekend services each week so that our community can get an inside glimpse of our church on Public Access television. The **Video Team** helps our community to see and hear.

Access Producers are a dedicated volunteer team who meet each month to produce Inside Bloomingdale Church, a 30 minute interview format show highlighting the activities and stories of the people of our community.

insidebloomingdalechurch

It is the **Stage Managers** who help organize the weekend service to run smoothly.

It is the **artists** who help us to gain new perspectives through creativity

Our **Graphic Art Team** helps us to visualize what Bloomingdale Church is about.

It is the **Information Technology** team who use their skills to keep our technology running well.
